Fanestil Meats Celebrates 78th Anniversary
*Fanestil Meats Celebrates 78th Anniversary,
Coinciding with the Release of its Annual Holiday Collection Catalog*

Emporia, KS – Fanestil Meats celebrates its 78th anniversary, as it rolls into the holiday season – its busiest time of the year. The company’s holiday collection features perfect holiday gifts for employees, clients or customers. Even better, it includes specialty items such as meats, pies, fresh nuts and more.

Fanestil Meats Owners Dan and Jan Smoots recommend the “Bone-In Ham.” Each ham is individually trimmed, cured and smoked among natural hardwoods for 12 hours. Only a limited amount of Fanestil Meats Bone-In Hams are made each year and always sell out.

Fanestil Meats’ best-selling Corporate Gift Box is “The Executive.” This holiday gift box offers a unique combination of smoked meats and local favorite cheeses. For large corporate orders to serve several shifts, Fanestil Meats can provide a refrigerated truck trailer.

Each holiday season, Fanestil Meats ensures quality over quantity. “We may not sell the most products during the holiday season, but I can assure you, we sell the best,” enthuses Dan Smoots.

About Fanestil Meats

Fanestil Meats is a family-owned and operated smokehouse meat company located in Emporia, KS, specializing in the processing and distribution of high-quality meats since 1942. Fanestil Meats offers a wide variety of choice meats, corporate gifts, assorted packages, select meat and cheese trays, and even homemade pies, jellies, sauces and seasonal items.
